Discussed with the Director his reply to Sen. Johnston on the executive pay bill. After a telephone conversation between the Director and Sherman Adams, drafted the letter which was signed and sent. Also drafted a memorandum from the Director to Sherman Adams reaffirming his statement over the phone as to the importance of establishing the positions of the DCI and DDCI at the proper levels within the executive branch. Informed Roger Jones of the foregoing and read him the text of the letter to Senator Johnston. He indicated that the Bureau of the Budget had no objection to this letter.
